Dear Mr. Miller:

Enclosed you will find a copy of a letter received by the Division asking for a copy of the mining and reclamation plan which you filed with us. You will recall that during our visit to your operation on October 27th, I asked you specifically which sections of your plan relating to the location, size, or nature of the deposit you desired to be held as confidential.

We now need a more definitive designation of these sections to respond to this letter. Please let us know the sections which you desire as confidential by November 22nd. If no word is received from you it will be assumed that the plan does not contain confidential information and the entire plan will be forwarded to the interested party.

Contact us if you have any questions on this request.

Sincerely,

DIVISION OF OIL, GAS, AND MINING
